LYRICS DO YOU FEEL IT TOO?

DO YOU FEEL IT TOO?

MONTVAILLANT

DO YOU FEEL IT TOO?

Does it make you feel small when you look at it all.
Take the time to feel free as we watch the stars fall.
Your Hand there in mine.
Our thoughts left behind all the walls.

There's all kinds of troubles in this world.
But they melt away.
Every night and day when I'm next to you.

So I look at you face.
And that smile as you say it's true.
And the stars in your eyes as you ask
Do you feel it too?

Last one to leave
cause I don't believe.
Things could go wrong
when things last so long.
When we're in this place
staring at space.
Tell me how things could really get any better.

And your face. And that smile
as you say it's true.
And the stars in your eyes as you ask
Do you feel it too?

Last one to leave
cause I don't believe.
Things could go wrong
when things last so long.
When we're in this place
staring at space.
Tell me how things could really get any better.

I look in your eyes. There's no goodbyes.
The stars overhead. No words can be said.
Those eyes say it all. My heart it will fall.
Into your hands I can live there forever.
Yeah yeah. Ooohhh ooohhh.
