LYRICS FEELINGS EXPLODE

A NEW DAWN
PAIN TO HEAL
SOMEONE ELSE
THE UNSPEAKABLE WAR
IF YOU DON'T TRY
DON'T LEAVE ME NOW
FOOL FOR YOU

MONTVAILLANT

A NEW DAWN

I could try to find
a path long lost behind.
If ignorance was bliss?

This is it, just what you need, an undying desire.
It was never greed.
Seasons change but we come along.
It's time to shine a new dawn

If I compromise
what even is this life?
What about ambition?
What about desire?

Out to conquer all my fears.
I'm done shedding tears.
I'm past embracing fright.
I stand for what feels right.
Out to conquer all my fears (in a world ever so surreal).

This is it, just what you need, an undying desire.
It was never greed.
Seasons change but we come along.
It's time to shine a new dawn.

Dawn, dawn, dawn. Dawn, dawn, dawn. Dawn, dawn, dawn, Dawn, dawn, dawn...

It's time to shine a new dawn.

Out to conquer all my fears.
I'm done shedding tears.
I'm past embracing fright.
I stand for what feels right.

It's time to shine a new dawn.
Dawn, dawn, dawn. Dawn, dawn, dawn. Dawn, dawn, dawn,.

It's time to shine a new dawn.
Dawn, dawn, dawn. Dawn, dawn, dawn. Dawn, dawn, dawn.

It's time to shine a new dawn.

MONTVAILLANT

PAIN TO HEAL

Can I hold you again
as the world around us
drowns in the pouring rain?
No, I don't feel no pain.

Pain, pain, pain.

Guess I've locked the door

Can I ask you a question?
Is it okay to have no direction
to where you're going?
Unlike a river flowing to the sea.
Is it all make-believe?

Pain, pain, pain.

We'd come so far only to see
we're bruised and scarred.
Is this destiny?
Was it in the stars?
Why is it so hard to breathe?
Crawling in the dark, waiting to heal.

Do you see what I see?
This world as its meant to be
Not cold and dry. Not a day passes by.
Without the thoughts of you
chasing dreams without a clue
Nothing can take us back in time
This love can never be defined.

We'd come so far only to see
we're bruised and scarred
Is this destiny?
Was it in the stars?
Why is it so hard to breathe?
Crawling in the dark, waiting to heal

Pain, pain, pain, Is this destiny?
Pain, pain, pain waiting to heal.

MONTVAILLANT

SOMEONE ELSE

Is it just a reflection
Is it a part of me?
An echo of my soul.
A token to the deceased.

I wish I were someone
Wish I were someone else.
My heart's overburdened.
I've begun to lose myself.
I wish I were someone
Wish I were someone else.
So I didn't have to steer through all the cloud that's in my head, no!

I'd rather sink into a coma.
Make my final truce with peace.
I can't take one step forward and two backwards no more.
Can't agree to disagree.

I wish I were someone,
wish I were someone else.
My heart's overburdened.
I've begun to lose myself.
I wish I were someone,
wish I were someone else.
So I didn't have to steer through all the cloud that's in my head, no!

Don't we all deep down wanna be, wanna be someone else?

Wanna be someone else.

Head, head, head.

I wish I were someone,
wish I were someone else.
My heart's overburdened.
I've begun to lose myself.
I wish I were someone,
wish I were someone else.
So I didn't have to steer through all the cloud that's in my head, no!

Head, head, head.

MONTVAILLANT

THE UNSPEAKABLE WAR

Tell me, what I have done so wrong
(I don't know where I belong)
that I must live with this so long.
(seems like there'll be no dawn)

Through the darkness we walked.
Many a path we crossed.
Would you ever return to me?
Oh and at what cost?

Days fade into nights.
The hours keep on flying by.
Your last words fled my mind.
I wish we'd stayed till we said goodbye.

So what a way to win a war.
(I could not fathom this at all)
When without a fight it's over.
(I guess ignorance is bliss)

Did you see the signs?
The onset to the storm.
It's a shame we never got
a chance to reform.

Now we stand at the crossroads
of what was love and now war.
This is where we'd started
before we lost it all.

I can't say I love you anymore.
(Like I used to)
And I'm not the same as before.
(You know I was always true)

I can't say I love you anymore.
And I'm not the same anymore.

MONTVAILLANT

IF YOU DON'T TRY

A wall to scale.
A road to take.
If you see no point
then what's left in your wake?

A place to escape.
A country with no name.
If you think it's impossible.
Nothing will come off fate.

The key to life
is within your mind.
If you don't try
you won't ever find.
I know you know this
and it's been said too many times
but it's so hard to try
to live by your own design.

VERSE III

Come what may.
Don't hesitate
You know you got this You know what's at stake

VERSE IV

For if you really want it
Gotta sacrifice
Nothing that's precious
ever comes without a price .

CHORUS

The key to life
Is within your mind
If you don't try
You won't ever findX2
I know you know this
And it's been said too many times
But it's so hard to try
To live by your own design

MONTVAILLANT

DON'T LEAVE ME NOW

All these years together I could read you like an open book.
If I'd known any better I'd let things be as they should.

If you looked for me, you'd find me here.
If you're ever lost remember I'm always near.

A little change in the weather
and I've got you breathing down my shoulder.
It's long gone, does it matter?
I don't care, the night's getting colder.

If you looked for me, you'd find me here.
If you're ever lost remember I'm always near.

Don't leave me now, without a goodbye.
I need you more than ever.
Don't you know that I need you like a flower needs the rain.
Don't leave me with this pain.

All these years together
I wanna hold you like I should.
If I'd known any better
I'd tell you I was misunderstood.

Only if I could...

If you looked for me, you'd find me here.
If you're ever lost remember I'm always near.

Don't leave me now, without a goodbye.
I need you more than ever.
Don't you know that I need you like a flower needs the rain.
Don't leave me with this pain.

Don't leave me now, without a goodbye. (I need you more than ever)
I need you more than ever.
Don't you know that I need you like a flower needs the rain.
Don't leave me with this pain.

MONTVAILLANT

FOOL FOR YOU

More than you could know
I hold you close.
Don't know if you can see
that I do believe.

I'm not perfect
but I'm at my best when I'm with you.
All the things left unsaid.
Let it all out, don't be a
fool, for this love is true.
No I can't get enough of you.

I'm a fool, I'm a fool, I'm a... for you.
I'm a fool, I'm a fool, I'm a... for you.

Flowers of the spring
have started to bloom.
Long gone is the autumn.
And times pale and blue.

I do remember when we met.
And how in a glimpse, I fell for you.
All the things unsaid.
Let it all out, don't be a
fool, for this love is true.
No I can't get enough of you.

I'm a fool, I'm a fool, I'm a... for you.
I'm a fool, I'm a fool, I'm a... for you.
